Correction Officer Physical Agility Standards Effective 1/1/2020

1. Sidestep. Starting from a center line, the candidate sidesteps alternately, first left then right, across two (2) outside lines eight feet apart. The score is based on the number of lines crossed within ten (10) seconds.

2. Sit-up. Candidate lays flat on the back, knees bent, heels flat on the floor, fingers interlaced behind the head. Candidate should touch elbows to knees and return with shoulder blades touching the floor. The score is the number of sit-ups completed successfully in one (1) minute.

3. Squat Thrust. The candidate takes the erect standing position. At the command “Ready-Go” the candidate bends the knees and places the hands on the floor. Then the candidate extends the legs backward, keeping the arms and body straight as in the push-up position. The candidate next returns to the squat position and to the erect position. One complete squat-thrust is counted each time the candidate returns to the starting position of the four-position exercise. The candidate is not allowed to stop and rest between squat-thrust. If the candidate does not assume each of the four positions during one cycle of the four-count exercise, the squat-thrust does not count. The score is the number of squat thrusts successfully completed in one (1) minute.

4. 90 yard Dash. Candidate runs three (3) laps around two (2) markers. The score is the amount of time to the nearest half second.

Once a component is started, it must be completed according to protocol. Candidates will be allowed up to three (3) minutes rest between events.
